First Circular &
Call for Papers

The 9th Asian Conference on
Analytical Sciences
November 4-8, 2007
Ramada Plaza Jeju, Jeju Island, Korea
www.asianalysis2007.org

Organized by
- The Korean Society of Analytical Sciences
- Korean Society for Mass Spectrometry
- Division of Analytical Chemistry of the Korean Chemical Society
- Division of Electrochemistry of the Korean Chemical Society
Invitation to the Asianalysis IX:

On behalf of the Local Organizing Committee of the 9th Asian Conference on Analytical Sciences (Asianalysis IX), it is my privilege to invite you to the Asianalysis IX Meeting which will be held from November 4 to 8, 2007 at the Ramada Plaza Jeju, Jeju island, Korea. The conference is a continuous effort by analytical scientists in the Asian and Pacific region to open channels for not only exchanging scientific ideas in all aspects of analytical sciences, but also extending friendship among participants from various countries. Previous meetings were in Tokyo (1991), Changchun (1993), Seoul (1995), Fukuoka (1997), Xiamen (1999), Tokyo (2001) jointly with the International Congress on Analytical Sciences (ICAS2001), Hong Kong (2004), and Taipei (2005).

Analytical chemistry is gaining special interests due to its multidisciplinary nature and challenging opportunities in chemistry, biochemistry, environmental and energy sciences, material science and pharmaceutical and medical sciences. We are hoping this conference will contribute some for the development and advancement in these fields with your enthusiastic participation.

You are cordially invited to participate in the conference and to contribute oral presentations or posters on selected topics listed in the website (http://www.asianalysis2007.org/). Poster awards will be provided by Springer, Analytical Sciences, and the local Societies. The selected papers presented at the conference will be published in a special issue of an international journal to be decided later.

I look forward to greeting you in Korea in 2007.

October 21, 2006

Hasuck Kim
Chairman, Local Organizing Committee
Asianalysis IX

PLENARY LECTURE

Prof. Isao Taniguchi (Kumamoto Univ., Japan)
Prof. David Clemmer (Indiana Univ., USA)
Prof. R. Van Grieken (Univ. of Antwerp, Belgium)
Prof. Steven A. Soper (Louisiana State Univ., USA)

SCIENTIFIC PROGRAM

Electroanalytical Chemistry
- Electroanalysis with New techniques
- Chemical Sensors with Electrochemical Methods
- Biosensors with Electrochemical Methods

Atomic and Molecular Spectroscopy
- Recent Advances in Atomic Spectroscopy: Instrumentation and Applications
- Recent Advances in Molecular Spectroscopy: Instrumentation and Applications
- Trace Elemental Analysis: Insights and New Approaches
- Practices and Advances in Molecular Spectroscopy

Separation Science
- Recent Techniques in Chromatographic Separations
- Recent Developments in Extraction & Pre-treatment Techniques
- Other Separation Techniques: Electrophoresis, FFF, CCC

Mass Spectrometry
- Practices and Advances in Mass Spectrometry: Analysis of Protein and Proteome
- Practices and Advances in Mass Spectrometry: Analysis of Metabolite and Metabolome
- Recent Advances in Mass Spectrometry: Analysis of Organic Molecules
- Recent Advances in Mass Spectrometry: Analysis of Inorganic Atoms and Molecules

Material Analysis
- Target and Material analysis: Ores and Steel, Semiconductor
- Process control and QA & QC, Clean Technology

Miniaturization Technology
- Nanotechnology in Analytical Sciences: Materials, Characterization, and Detection
- Microchip, Microfluidics and Dynamics
- Sensor and Micro Analytical Instrumentation: Optical, Electrical, and Microscopic Detection

Pharmaceutical Analysis
- Trend in Drug Discovery : Analysis of Natural Products
- Trend in Drug Discovery : High Throughput Analysis of Target Compounds
- Forensic Analysis : Analysis of Drug Addiction, Anti-Doping Analysis
- Drug Metabolism & Pharmacokinetics
- Precise Analysis of Pharmaceuticals in Food and Water

Environmental Analysis
- Environmental Analysis : Novel Analytical Techniques
- Environmental Analysis of Air and Water
- Environmental Analysis of Soils and Waste Materials
- Environmental Analysis : Sampling and Sample Preparation

2007 C-J-K Symposium on Environmental Analytical Chemistry

ABSTRACT SUBMISSION

Those who wish to participate in this conference should submit an abstract no later than June 30, 2007. The abstract template will be available from the conference website later.

EXHIBITION

An exhibition of scientific instrumentation and accessories will be held. Manufacturers or distributors of scientific instrumentation and accessories are welcome to contact the secretariat for details.

CONFERENCE VENUE & LANGUAGE

The conference will be held at Ramada Plaza Jeju in Jeju Island. The official language for the symposium is English.
